

G
 woke up this morning when I fell out of bed
 G7
 I'd been drinking all night G
 it's gone straight to my head
 Dm
 but it's nothing like the feeling F
 of the pain I get
 Am
 when I'm missing G
 you

G
 we used to take long walks in the rain
 G7
 then we'd run home G
 and make love all day
 Dm
 and nothing really mattered, F
 our world
 Am
 was safe and G
 warm

Cm7 Dm7
our love was moving
intense yet soothing
when I lost your love I regret that
 G
 day

Cm7 Dm7
Can't say I don't blame you
All you wanted was forever
Couldn't do it then you went your own
 G
 way

G
 Saw you running down on Main Street
 G7
 You saw me then G
 and kicked up the beat
 Dm
 when I called your name F
 you never turned around
 Am
 to notice me G

G
 I'll bet you go somewhere to see your lover
 G7
 To tell him, that you need him G
 then roll under the covers
 Dm
 and now I realize F
 I'm living in a lie
 Am
 I wish it was yesterday G
