

E
Too many yesterdays
Emaj7
That I threw away
E7
behind the wall
A
you built for one

E
Never saw the light of day
Emaj7
long walks in the rain
E7
To a darker shade
A
of black and blue

Am E *(Barre Chords)*

Is it too late

To find someone new

C D E

Fools always do

Fools always do

How will tomorrow go
Only you know
You need a thrill to
keep moving on

Kids playing in the yard
Walk the dog much too far
Tears drops drag me down
When you're around

CHORUS

E B (SOLO)

C#m F#

E B

C#m F#

I saw you in a bar
back seat of a my car
I'll bet we went too far
Lover's always do

Now that you are gone
My nights are too long
I have the time
To find somebody new

Am E *(Barre Chords)*

It's not too late

To find someone new

But I still care

C D E

Fools always do

I'm a fool for you
