

G

we talk but, not out loud

Em7

we walk, on separate clouds

C9

i don't know how long

G

we'll be together

you said, I kiss to hard

I pled, please play the part

what I want from you

and you from me

D

only I'm to blame

C9

G

heartache 'n pain forever

D

what a shame

C9

G

we're so lonely together

you said I scream 'n shout

bout everything that I doubt

tearin you up

memories of your father

I know, that you are right

desperate, feel ugly inside

how did I ever

let this happen

CHORUS

I said I love you dear

You walked right by and didn't care

I should 'a known

better

we talk but, not out loud

we walk, on separate clouds

i don't know how long

we'll be together

CHORUS
