

## anticipation

D                      G                                      D  
We | can never know about the days to come  
D                      G                                      A  
But | we think about them anyway, yeah  
D                      G                                      D  
And I wonder | if I'm really with you now  
                    G                      Em                      A                      D  
Or just chasin' after some finer day

## Chorus

G                      A                      D  
Anticipation, anticipation  
                    G                      Em  
Is makin' me late  
                    G                      A  
Is keepin' me waitin'

And I tell you | how easy it feels to be with you  
And how right | your arms feel around me  
But I | I rehearsed those words just late last night  
When I was thinkin' about how right tonight might be

## chorus

And tomorrow | we might not be together  
I'm no prophet | Lord I don't know nature's ways  
So I'll try | and see into your eyes right now  
And stay right here 'cause these are the good old days

These are the good old days

                    G                      Em                      A                                      D  
And stay right here 'cause these are the good old days

(D intro thing over these lines)

These are the good old days

These are the good old days

These are the good old days

These are...the good old days
