We all need someone we can lean on
F
We all need someone we can lean on

G C
And if you want to, you can lean on me
G C
And if you want to, you can lean on me

C F
She said my breasts, they will always be open
F
And there will always be a space in my parking lot

G C
You can rest your weary head right on me
G C
When you need a little coke and sympathy

C F
We all need someone we can cream on
F
We all need someone we can dream on

G C
And if you want to, you can cream on me
G C
And if you want to, you can dream on me

C F
I was dreaming of a steel guitar engagement
F
And then she knifed me in my dirty filthy basement

G C
That's when she took my health and sent it Jasmine Tea
G C
With that jaded, faded, junky nurse
(Oh what pleasant company)

C F
We all need someone we can bleed on
F
We all need someone we can bleed on

G C
And if you want to, you can bleed on me
G C
And if you want to, you can bleed on me

C F
Take my arms, take my legs,
Bleed alright, bleed alright,
Bleed alright, bleed alright,

G C
oh baby don't you take my head
bleed alright, you can bleed all over me
you can be my rider, you can cum all over me
