

## I Need You -America

[A] We used to laugh  
[Amaj7] We used to cry  
[Em7] We used to bow our [Dm7]heads,  
[C] Then wonder why

[A] But now you're gone  
[Amaj7] I guess I'll carry on  
[Em7] And make the best [Dm7] of what you  
[C] left to me

[Fmaj7] Left to me...  
[D7] Left to me...

[G] I need you, Like the  
[Em] flower needs the rain, You know  
[Bm] I need you, Guess I'll

[Am7] start it all [D7] again You know

[G] I need you, Like the  
[Em] winter needs the spring, You know  
[Bm] I need you,  
[C] I need you  
[D] [E]

[A] And every day  
[Amaj7] I'd laugh the hours away  
[Em7] Just knowing you [Dm7] were thinking  
[C] of me

[A] Then it came  
[Amaj7] That I was put to blame  
[Em7] For every [Dm7]story told  
[C] about me

[Fmaj7] About me..  
[D7] About me...

### Chorus
