They get up every mornin' with the alarm clock's warnin', take the 8:15 into the city  
There's a whistle up above and people push and people shove and the girls, who are tryin' to look pretty.  
And if your train's on time you can get to work by nine and start to sleep and talk to get your pay  
If you ever get annoyed, look at me, I'm self-employed,  
I love to work at nothing all day.

There's work as easy as fishin', you can be a musician if you could make sounds loud and mellow  
Get a second hand guitar and chances are you can go far if you get in with the right bunch of fellows  
People see you having fun just a- lying in the sun, and tell them that you like it this way.  
It's the work that we avoid and we're all self-employed We love to work at nothin' all day.

And I've been takin' care of business,  
every day taking care of business, every way  
TAKING CARE OF BUSINESS , it's all mine  
TAKING CARE OF BUSINESS , & workin' overtime, workout
