

Walk Away - James Gang

G G C C 2x

G7
Takin' my time, choosin' my lines

Tryin' to decide what to do

Looks like my stop, don't wanna get off

Got myself hung up on you

Em C
Seems to me, you don't wanna talk about it

Em C D
Seems to me, you just turn your pretty head

G
And walk away

A Bb A

G7
Places I've known, things that I'm growin'

Don't taste the same without you

I got myself in, the worst mess I've been

And I find myself starving without you

Em C
Seems to me, talk all night here comes the morning

Em C D
Seems to me, you just forget what we said

G
And greet the day

G G C C

G7
I've got to cool myself down, stompin' around

Thinkin' some words I can't name ya

Meet ya halfway, got nothin' to say

Still I don't s'pose I can blame ya

Em C
Seems to me, you don't wanna talk about it

Em C D
Seems to me, you just turn your pretty head

G
And walk away
